Commissioner for Patents  
P.O. Box 1450

*Via facsimile to 703-746-9195*

Sir:

Applicants respectfully request that the Filing Receipt for the above application be corrected as shown on the enclosed copy thereof, thereby removing the statement that the data provided by applicant regarding the priority Application Serial No. 60/481,396 is inconsistent with PTO records.

Normally, the undersigned attorney would provide evidence of the true date of filing of a priority application by means of a copy of the Filing Receipt. However, in this case the applicants never received a formal Filing Receipt for Application Serial No. 60/481,396, and examination of the Electronic Filing Wrapper of this application via PAIR appears to indicate that no such Filing Receipt was ever issued by the Office. Accordingly, there is filed herewith a copy (printed directly from PAIR) of the Acknowledgement Receipt for the aforementioned Application Serial No. 60/481,396, which was filed electronically. This Acknowledgement Receipt shows that

*Serial No. 10/707,184*  
*Request for Corrected Filing Receipt*

Application Serial No. 60/481,396, was indeed filed on September 18, 2003 and hence that the Filing Receipt for the present application should be corrected as per the attached copy thereof.

Respectfully submitted

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
